

How borrowing a device works

Five simple steps for EduLinked's Digital Devices Loan Library.

EduLinked Digital
Devices Loan Library

[edulinked.com.au/

1

1.

Register interest

Complete the form, email EduLinked, or ask a partner organisation to help with permission.

2

2.

Complete a short survey

This helps EduLinked understand what support may be useful.

3

3.

Confirm eligibility and loan agreement

EduLinked explains the loan terms and confirms whether the program is suitable.

4

4.

Device setup and handover

The tablet is prepared, checked and handed over or posted using a tracked method.

5

5.

Support, survey and return

Borrowers receive follow-up support. At the end of the loan, the device is returned, cleaned and factory reset.
