

# Implementation Log

Future Ready - Module 4 Implementation

## Purpose

Use this log after trying an accessibility action. Record what changed, what worked, what did not work, and what should happen next.

## Implementation record

Prompt	Notes
Action tried	
Date tried	
Who was involved?	
What barrier was the action meant to reduce?	
What changed?	
What worked well?	
What did not work yet?	
What feedback was received?	
What evidence do we have?	
What should be adjusted?	
Next review date	

## Learning loop

- Try one improvement
- Check what changed
- Ask people affected by the barrier
- Learn what worked or did not work
- Adjust the solution
- Record what changed
